Henry S. Hopper, Comptroller At Phillips Academy, Dies

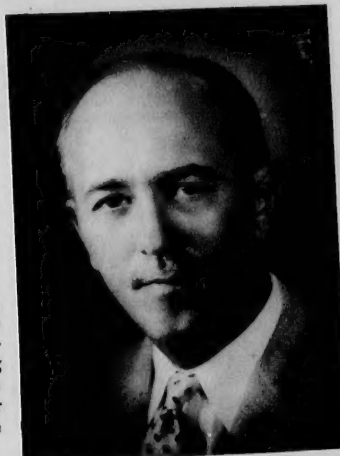

Henry S. Hopper, 64, of 15 School st., associate treasurer and comptroller of Phillips academy and one of the town's best known citizens, died Monday afternoon of a heart attack while showing the academy grounds to a visitor from Parkistan.

Mr. Hopper was fatally stricken when his car became mired while driving through the bird sanctuary with B. K. Shaikh of the Parkistan ministry of education.

Born in New Brunswick in 1889, Mr. Hopper was graduated from the Woburn High school and later attended Boston university. Coming to Phillips academy in 1915 he was variously bursar, comptroller and associate treasurer of the school.

During all of his 38 years at Andover he was concerned with the business management of the school and was a devoted friend of thousands of students, faculty and alumni. He was especially closely connected with the major physical development of the academy buildings and grounds in the 20's and 30's. During those decades when Thomas Cochran gave so generously to Phillips academy, Mr. Hopper was closely associated with him in the development of his gifts from idea to accomplished fact.

He was a director of the Merrimack Mutual Fire Insurance Co., (Continued on Page Seven)

QUESTION: I was reading in the paper the other day about some one having Forgery Insurance. Isn't the bank responsible if they honor a forged check?

ANSWER: That's a point for legal decision but ordinarily a bank wouldn't be held responsible unless there was negligence on their part. Forgery insurance protects everybody concerned — except the forger.

Memorial Day

From the time back in 1868 when Commander in Chief John A. Logan of the Grand Army of the Republic designated May 30 as a day "for the purpose of strewing with flowers or otherwise decorating the graves of comrades who died in defense of their country during the late rebellion" with the hope that it would be kept up each year, various states took up the idea until the ceremonial became nationwide.

In keeping with this time-honored custom Andover next Saturday will pay its respects to the memory of its soldier and sailor dead in ceremonies that will recall the sacrifices they made to preserve the freedom and liberty which we enjoy.

Over the passing years our nation has been engaged in conflicts which took the toll of American lives on the high seas and on both hemispheres. Graves of our patriotic dead have increased everywhere until today Andover alone has 544 of them.

Memorial day is the one day in the year consecrated to their memory.

That the significance of this day be not lost it is fitting that the living dedicate themselves to make every effort to prevent any recurrence of war with its bitterness and destruction, and to pray that men and nations may learn to settle their differences honorably without recourse to force of arms.

The press has sometimes been criticized for squaking too much about their own freedom. But it is not their own freedom, it is the freedom of the people to have a press which can give them all the facts . . . without being subject to censorship. (Narrowsburg, N.Y. News-Times)

Our heroic dead live on in the freedom they won for us. They shall live in the memory of free men forever. — N. Y. World-Telegram.

A Good Man, Young.
Albert Clayton, the "good man" of the story, shows the broadest and deepest life values in the desire of a tenant farmer to paint his house white. Sensitive writing.

View From The Air, Fosburgh.
Men will particularly enjoy this story of a crew of the bomber "Upstairs Maid" from their entrance into the air force through flight training and into combat in daily missions over the hell-hole of Truk.

The Glorification Of Al Toolum, Aurthur.
Al Toolum, through his poetic son's "Last line" becomes Yankee Doodle 1952, or Mr. Average American. Light-hearted pastime.

Landfall, Hull.
The entire framework of their lives is altered by the illness that comes to a college professor, Clifford McReal, with the resulting effect on his wife's attitude.

The Struggles Of Albert Wood, Cooper.

At 23 Albert Wood, determined to be a success in all things, was asked to work at Oxford with another brilliant scientist. From that moment on, he bent all efforts to compete with his partner, and to get ahead of him, if possible. Nothing can stand in his way for long as he ploughs roughshod over people and principles. A success story.

Nine Days To Mukalla, Prokosch.

Frederic Prokosch has a remarkable talent for telling a story with conviction and speed. Here he uses nine days for the time in which two men and two women, shipwrecked on an island near Arabia, come to discover each other and their own selves.

*Ever Wondered How Long
People Work for GE?*

Have you ever wondered about the length of service of the local men and women who work at G. E.?

Here are a few simple statistics that may surprise you. Of approximately 24,500 G-E men and women in this area more than one-half of them, 52% to be exact, have been employed at G. E. for 10 years or longer!

Not only that — a total of 2,417 of them have been members of the G-E family for more than 25 years — and in many cases for nearly half a century!

You are looking at the pictures of a few of these people on this page — employees from each local G-E department or division who have the longest years of service. Some of them may be neighbors of yours. The majority, and the many others not shown, graduated from local

schools and have spent most of their working years right in this area. These G-E people are important members of the community.

The entire community benefits from such a service record. Steady employment at good wages is good for everybody. It means a steady flow of payroll dollars into local stores, businesses, banks, churches and civic betterment. It helps create more opportunities and more jobs.

So there's more than just statistics in the record of these thousands of long-time employees of G. E. They have played a very real part in G. E.'s contribution to American industry and a higher standard of living in the community.

Their record is one more example of good employment at G. E.

OPENS MAY 29

(Continued from Page One)

Junior High school and a demonstration of resuscitation methods will be given by the Red Cross and the fire department.

Pomp's pond will open June 27, according to Stafford A. Lindsay, chairman of the recreation committee. Children's swimming classes will be held in the morning; adult classes in the early evening. There will be recreational swimming in the afternoon. Francis P. Markey, Red Cross water safety chairman, has announced that William Mahoney will be director at Pomp's pond. He will be assisted by Richard Graves, Anthony Sullivan, and Gregory Arabian. The local Red Cross chapter is paying for these swimming instructors and life savers to be trained at aquatic schools. Richard Graves has been taking a swimming instructor's course at the Lawrence Y.M.C.A. and the other three will attend the Red Cross National Aquatic school at South Mansion from June 14 to 24.

Children will be asked to sign up for the swimming courses at Pomp's. Members of the Junior Red Cross will conduct the enrollment program in the schools. As part of the national water safety program Reagh Wetmore, water safety instructor trainer, is teaching boys at Phillips academy to be swimming instructors.

Public Participates In Air Raid Test

Andover's part in the air raid test Tuesday morning passed off without incident.

This practice air raid alert in which the public participated was held throughout Region 4, the northeast corner of the state from Lowell to the sea.

The Yellow alert was received at 10:40 a.m., followed by the Red alert at 11 o'clock. Auxiliary police and firemen responded, pedestrians scampered for shelter and all traffic ceased, autos and trucks pulling to the curb until the All Clear signal at 11:08 a.m.

Sgt. David L. Nicoll, civil defense director, was pleased with the way the civil defense units and the public responded in this test. During the next few days he will make visits to several of the outlying districts of the town to learn how the signals were heard, which is one of the most important phases of the test.

ACTED AS MODELS

Two Andover women, Mrs. Percy Nutton of Carisbrooke st., and Mrs. Philip Costello of Whittier st., acted as models at a fashion show held last Saturday afternoon, in the garden of the home of Mr. and Mrs. Robert G. Richards, which was sponsored by the Women's Fellowship of Congregational church of Groveland. Town and country clothes, beach togs, sun dresses and accessories were shown.

P. H. S. Track Team Wins Triple Meet

In a triple meet held here May 20 Punchard topped Nashua High and the P.A. junior varsity teams, Punchard scoring 46 points, Nashua 33 and P.A.'s JV team 29.

Randall Hurley won both hurdle events, breaking the P.H.S. record in both for the second time within a week. His time in the 120-high hurdles was 15.9 sec., his previous school mark being 16.2 sec. established at the Essex county meet the Saturday before. Whenever there's a will — you can usually find a relative.

P. H. S. SPORT

Chelmsford 5, Punchard 2
Some loose fielding offset the fine pitching of Jim Gemmell Tuesday afternoon at the playstead as Punchard went down to a 5-2 defeat in a game with Chelmsford which gave the latter the 1953 championship of the Merrimack Valley Suburban Baseball league.

The visitors were held to six hits but the six errors made by the Blue Devils enabled the new champions to clinch their title.

Punchard got off with a two-run lead in the third but Chelmsford got one back in the fourth, went ahead with two more in the sixth and put the game on ice with two more tallies in the ninth.

It was the visitors' 11th victory in 12 games and with only two more contests to play they are sure of the title as the nearest team has already lost four.

Essex, SS.
TO THE HONORABLE THE JUDGES
OF THE LAND COURT FOR THE
COMMONWEALTH OF MASSACHU-
SETTS.

Respectfully represent EMIL G.
SCHIRNER, JR. and NANCY L.
SCHIRNER, of Andover, in the County
of Essex and said Commonwealth; that
they are owners of a certain lot of
land with the buildings thereon, situated
in Andover in the County of Essex and
said Commonwealth, on the westerly
side of Pine Street and bounded and
described as follows:

Beginning at a point in the westerly
line of said Street, by land now or for-
merly of Frank D'Entremont; thence
running Northerly by said Street,
seventy (70) feet, to land now or for-
merly of one Jane Knight; thence run-
ning Westerly by said land of said
Jane Knight, one hundred (100) feet,
more or less, to land formerly of the
late Jasper Rea; thence running South-
easterly by said Rea Land, seventy (70) feet,
to land of said D'Entremont; thence
Easterly by said D'Entremont land one
hundred (100) feet, more or less, to
said Pine Street and the point of be-
ginning.

That the record title to said lot of
land is clouded by a mortgage given by
GEORGE M. MAY, to JANE KNIGHT,
dated June 24, 1904, and duly recorded
Book 212, Page 194, of North District
Essex Registry of Deeds, purporting to
secure a note for \$1000.00, payable in
one (1) year from date, with interest
semi-annually, which mortgage appears
to be undischarged, unassigned and un-
foreclosed on and by the record the
date of expiration of the condition of
said mortgage therefore being June 24,
1905;

That for more than twenty years after
the expiration of the time limited for
the full performance of said condition
no payment has been made and no
other act done in recognition of said
mortgage; and

That the mortgage named in said
mortgage and those claiming under him
have been in uninterrupted possession
of said land for more than twenty years
after the expiration of time limited in
said mortgage for the full performance
of the condition thereof.

WHEREFORE your petitioners pray
that after appropriate notices a de-
gree may be entered on the foregoing
allegations as authorized by Section
15, Chapter 240 of the General Laws
as amended by Chapter 20, of the Acts
of 1924.

To Expand Here

In line with the current expansion of facilities in Andover the telephone company announced today the approval of a \$45,000 expenditure for new cable.

This will provide relief in the Shawsheen road area where there are several housing developments, as well as in other sections of the Andover exchange.

In addition the company also announced that in the Main street lead, which is congested and where facilities are inadequate to meet service demands, relief is to be provided over an alternate route via Central and School streets, thus avoiding a conduit enlargement on the Main highway.

It is estimated that when completed in the summer of 1954 this
